Capabilities Statement

Blithe Defense Industrial Covers, a dba of Blithe Industries, was founded in 2006 in Huntington Beach, CA. We fabricate and manufacture custom specialty covers for equipment and machinery in the Defense, Aerospace, Marine, Energy, Food, and Automotive industries. We source and procure materials specifically designed to meet your company's needs.

Blithe Defense Industrial Covers, a dba of Blithe Industries fabricates and manufactures custom specialty covers for equipment and machinery in the defense, aerospace, marine, energy, food, and automotive industries. We source and procure materials specifically designed to meet your company's needs.

To provide our customers with unparalleled quality and meticulously accurate designed industrial covers that help protect their goods against the harsh elements and debris.

Core Competencies

- Custom Fabrication of Specialty Industrial Covers for Equipment and Machinery
- Sourcing and Procurement of Specialty Textiles
- Prodim Proliner for Mobile 3D Templating CAD drawings
- Carlson Design PTI-120 Vacuum Plotter/Cutter Table for High Efficiency and Precise Cutting
- Vacuum Seal Packaging
- Engine Exhaust, Fuselage Covers, Intake and Exhaust Covers, Paint Covers, Tooling Covers, Robot Covers, for our Air Force Division
- Satellite covers, Rocket covers, Thermal Insulation Blankets/Pads for Heat Retention in a Variety of Applications

Differentiators

All our work is custom to order, and we take great pride in delivering a high-quality product. We achieve this by using mobile 3D patterning CAD technology and automated vacuum cutters for high efficiency and an impeccable fit. We offer industrial fabric sewing and or fabric welding for air and watertight seams.
